Foghat Rocks the Canyon Club in Agora Hills - 3/4/20 by Keela Sweeney *"Of course, the set was insane and exciting; we jammed through "Fool for The City", "I Just Want to Make Love to You", my personal anthem "Chevrolet", and customarily enthralling, crowd-engaging "Slow Ride" sent the crowd roaring to the finish line. It was particularly lovely looking across an audience of happy faces captivated by Foghat's music."*

Foghat - Frankenmuth Event Center – 4/25/19 by Robert Chadwich Concert Reviews *"These four guys got a rousing ovation as they stepped up to the stage and started jamming. Security had to wrangle numerous fans back to their seats as they were trying to get as close as they could to see their idols... Then some of the iconic songs started to get peppered in amongst the set, which really got the fans excited. "Fool for The City", "I Just Want to Make Love to You". "Slow Ride" capped off the night that had the fans standing and reminiscing of good times. It was great looking across the audience and seeing so many happy faces and not just old fans from the early years but young fans that **Foghat's** music has impressed upon. The power of music is strong and **Foghat** encapsulates that very well."*
